CITY OF OAKLAND PARK, FLORIDA CITY COMMISSION AGENDA ITEM REPORT

AGENDA ITEM No. 1

MEETING DATE: 12/16/2015

PREPARED Kathleen S. Margoles BY: Community and Economic

DEPARTMENT HEAD APPROVAL:

CITY MANAGER

Development Director

SUBJECT: 42nd Year Community Development Block Grant (CDBG)

1. BACKGROUND/HISTORY

The City received notification by the Broward County Housing Finance & Community Development Division for the 42nd Program Year (October 2016-September 2017) allocation of approximately \$186,068 in CDBG funding.

The U.S. Department of Housing and Urban Development (HUD) awards grant funding through the Community Development Block Grant (CDBG) Program. In order to qualify for CDBG funding, the City is required to advertise for proposals and hold two public hearings prior to submitting a funding application to Broward County by their deadline of December 21, 2015.

The City will be submitting a CDBG funding application for a public infrastructure project. In addition, the City has the option to submit projects for public service. The funding for public service projects can be used to fund projects for non-profit organizations, but is not a requirement that these projects be submitted. The City published a Notice of Public Hearing on November 8, 2015 requesting proposals from non-profit organizations serving the residents of Oakland Park seeking to be funded through the CDBG Program. An initial public hearing was held on November 18, 2015. A second public hearing is scheduled for the December 16, 2015 meeting. After the second public hearing is conducted, it is recommended that the City Commission submit to the County its selected funding allocations for inclusion in the 42nd year CDBG grant application.

2. CURRENT ACTIVITY

Staff held the first public hearing/workshop on November 18, 2015, to discuss the 42nd Year CDBG Program funding cycle and allocation of funding for both municipal and non-profit organization projects. Twenty non-profit organizations attended the meeting. An additional five requested information on the funding opportunity. Nonprofits were given the opportunity to discuss the application process, eligibility requirements and proposed projects. Citizens were given equal opportunity for input. At the meeting, <u>staff presented their plans to apply the municipal portion for the construction of the South Anchor Parking Lot located on City owned property on Oakland Park Boulevard, east of Main Street.</u>

Non-profit organizations certified as 501(c)(3) having projects which fall within HUD mandated guidelines (providing services to at least 51% low or moderate income clientele) may be granted a portion of the CDBG funding by the City Commission. Non-profit organizations previously submitting funding requests, as well as those requesting to be included were notified by both Broward County, through their Public Workshop held on November 4, 2015 and an advertisement published by the City in the Sun-Sentinel on November 8, 2015. These efforts advised of the available CDBG funding and asked that proposals be submitted for the 42nd Year CDBG funding cycle. At the request of the City, United Way and the Florida Association of Non-profit Organizations also sent out email blasts regarding the available funding.

The minimum CDBG allocation for each project is \$15,000 per Broward County and no more than 15% of the total funding allocation, or \$30,000 is available for the Public Service category. Upon notification of such award by the City, the City application, together with the two non-profit organization applications, will be submitted to Broward County for review and approval. Thereafter, the responsibility of reporting to the County lies with those organizations awarded grants. The Broward County Housing Finance & Community Development Division requires a resolution authorizing the submission of the 42nd Year application.

Three non-profit organizations submitted grant applications in accordance with the City's 42nd Year CDBG grant application process. They are:

Luz Del Mundo- Light of the World Clinic for their Indigent Health Care and Prevention Outreach Program 2016-2017 requested \$15,000. (Last year's program provided services to 87 unduplicated Oakland Park residents. These OP residents received over 436 MD/Patient Visits which was 19% of the Clinic's visits for the year.)

Junior Achievement of South Florida for their JABiz Town serving one hundred and forty (140) North Andrews Gardens and eighty six (86) Oakland Park Elementary students requested \$15,772. They would provide training in personal financial literacy and entrepreneurial lessons for 5th graders.

Center for Independent Living of Broward for their Housing Response to Independence Project for fifty (50) disabled Oakland Park residents requested \$19,946. They would expose consumers with disabilities to resources to procure quality rental properties, understand housing alternatives, build self-advocacy and personal support skills.
