- Up to 32% off list for select catalog items

Other vendor contracts include: Goodyear, Legacy Group, Level 3, John Deere, Staples, TalentWise, Wesco, Pierce-Hughes Fire, KME, Tescos and more.

FIRE RESCUE GPO

FACT SHEET

Who We Are

FireRescue GPO is a group purchasing organization providing your fire department and its members access to aggressively priced contracts with vendors who supply goods and services to the fire service. These contracts are often established through a competitively bid public RFP process that allows members to "piggy-back" on the contract—eliminating the need for member departments to complete an RFP process. Other contracts, negotiated for national volume pricing, are made available to individual departments of all sizes. Some contracts are also available to individual firefighters.

Membership with FireRescue GPO is completely free and there is no obligation to purchase. Membership is limited to active members of organizations chartered to provide fire and rescue services. These organizations include, but are not limited to: career, volunteer, districts and state agencies. New members register online and are then verified by FireRescue GPO staff.

FireRescue GPO was started in 2001 by the Western Fire Chiefs Association (WFCA) in partnership with a large hospital based group purchasing organization—Amerinet and Virginia Mason Medical Center (VMMC) in Seattle, WA. Currently FireRescue GPO is owned by National Purchasing Partners (NPP) which was established by Amerinet and VMMC to provide group purchasing opportunities to a variety of industries. The program is still managed in partnership with WFCA who manages the FireRescue GPO Advisory Council and a revenue sharing program with the International Association of Fire Chiefs, their Divisions and the State Chiefs Associations.

What Sets FRGPO Apart

- No cost to members
- Access to publicly awarded contracts
- A portion of the revenue is shared with the fire service
- Non-commission based sales team
- In-house customer service department

For Our Members

We help our members and organizations reduce costs through lower prices on a wide range of products and services. We focus on providing fast, friendly and adaptive customer service for our members. By accessing FireRescue GPO contracts our members save time and money.

For Our Vendors

FireRescue GPO generates revenue from small administrative fees collected from our vendors when a sale is made through the program. Our priority is that our vendors increase marketshare and profitability as a direct result of their relationship with FireRescue GPO. The primary objective is

to serve as a conductor of commerce. Our focus is to identify and eliminate barriers in the sales cycle and create streamlined processes and communications for our customer base.

Other Vertical Markets

National Purchasing Partners (NPP), FireRescue GPO's parent company, has a presence in several market segments spanning both the public and private domain:
