Works Facility Located at 301 NW 38 Street, Oakland Park, Broward County,
Florida 33334**

Dear Mr. Manager:

Pursuant to your request, The Goldstein Environmental Law Firm, P.A. (the "Firm"), is pleased to provide the City of Oakland Park (the "City"), with this proposal for supplemental environmental legal services in connection with rehabilitation and redevelopment of the above-referenced property (the "Subject Property"). Should you execute the acknowledgment below, the terms set forth herein will govern the services that we render and the City's financial obligations to the Firm.

I. Scope of Work and Fees

It is our understanding that the City would like to engage the Firm to provide the following services, which shall constitute the Firm's Scope of Work (the "Scope of Work") for purposes of this engagement:

Task 1: Site Rehabilitation Counseling & Redevelopment Assistance

This task is intended to primarily provide the City with experienced legal counsel from January 1, 2022, to December 31, 2022, to understand and comply with the complex set of site rehabilitation (contamination assessment and remediation) rules that will govern contamination response at the Subject Property under Chapter 62-780, Florida Administrative Code, and Chapter 27, Broward

County Code. When authorized to perform this task, the Firm's services will consist of the following activities through December 31, 2022:

- Assist the City with rule and statutory interpretation as it relates directly to site rehabilitation.
- Review and provide legal support for all draft site rehabilitation related environmental documents to be prepared by the City's environmental consultant and submitted to Broward County Environmental Protection and Growth Management Department ("EPGMD") or Florida Department of Environmental Protection ("FDEP"). This sub-task includes all meetings and correspondence with EPGMD and FDEP in support of obtaining regulatory approvals of the foregoing documents.
- Research options for Non-Recorded Institutional Controls ("NRICs") that restrict access to groundwater (e.g., city and county ordinances requiring mandatory hookup to potable community water supplies; availability of "purple piping" to provide reclaimed water for irrigation purposes; applicability of the state Irrigation Water Screening Levels; availability of GIS shapefile systems used by city, county, or water management district to map contaminated areas subject to additional scrutiny in water well permitting processes; and applicability of specific provisions of the Florida Building Code and International Plumbing Code)

Fixed Fee: \$45,000.00, to be paid upon authorization to proceed.

Task 2: Preparation and Filing of 2022 Voluntary Cleanup Tax Credit Application

This task consists of working with the City and the City's contractors to develop and implement a strategy for maximizing an award of Voluntary Cleanup Tax Credits ("VCTC") for eligible costs incurred and paid in calendar year 2022 for site rehabilitation activities at the Subject Property. Included as part of this task are (i) assistance with ensuring that all contractor invoices that are to be included in the VCTC application for 2022 costs (the "2022 Application") are properly paid consistent with the applicable regulations; (ii) all 2022 Application preparation activities, inclusive of assembling all payment invoices, contractor certification information, and the Application Audit, which must be issued by a licensed Certified Public Accountant ("CPA"); (iii) all pre-filing communications with the Florida Department of Environmental Protection ("FDEP"); and (iv) filing the 2022 Application with FDEP by the statutory deadline of January 31, 2023.

The Firm will procure a qualified CPA firm to conduct the audit; however, the cost of audit, likely between \$1,800.00 and \$2,000.00, is not included as part of the Firm's fee and will be billed separately. In addition, the FDEP application fee of \$250.00 is not included as part of the Firm's fee and will be billed separately.

Fixed Fee: \$7,500.00 plus all costs, including CPA fee, FDEP filing fee, and overnight mail, payable at the time of execution of this engagement given that the 2022 Application has been filed and all corresponding costs have been incurred.

II. Costs

City agrees to be responsible for any and all costs incurred by the Firm on the City's behalf, including but not limited to Title Work, overnight mail, travel and lodging, delivery by courier, and third-party copying; provided, however, that any of the foregoing costs that are reasonably expected to exceed \$250.00 shall not be incurred on the City's behalf without first obtaining the City's written consent. Notwithstanding the foregoing, the City will not be charged for any routine copying performed at the Firm's offices, the placement of any long-distance phone calls by the Firm, or any Firm transmittals via U.S. Mail or by facsimile.

III. Other Billing Terms

Any payments that are made after their respective due dates shall accrue interest at 1.5% per month. The Firm reserves the right to suspend or terminate its performance under this engagement letter or any other City related matter if any payment remains outstanding for more than 15 calendar days. The prevailing party in any litigation that may arise out of this engagement shall be entitled to attorney's fees. Venue shall be in any competent court of jurisdiction in Miami-Dade County, Florida.

IV. Commencement of Work

In order to continue work on the City's behalf, we ask that you sign the acknowledgement below along with the initial retainer. Thank you for the continuing opportunity to be of service.

Very truly yours,
