Agreement for the sale of potable water to the Consumer; and

WHEREAS, the Parties hereto desire to continue the relationship; and

WHEREAS, the Seller, in its proprietary capacity, owns and operates a municipal public water
supply and is in a position to continue to provide service to the Consumer; and

WHEREAS, the Consumer, in its proprietary capacity, owns and operates a water distribution
system, and Consumer desires to continue to purchase water from Seller to service Consumer's customers
upon terms mutually agreeable;

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements, and
other good valuable consideration, the receipt and adequacy of which are hereby acknowledged, the
Parties agree as follows:

1. Beginning October 1, 2022, and continuing for a period of twenty-five years (25)
thereafter, Seller agrees to sell to the Consumer and the Consumer agrees to buy from the Seller potable
water for resale to the citizens and customers of the Consumer, under the terms and conditions set forth
herein. The Agreement may be extended for an additional two (2) five-year terms. Each party should
notify the other regarding intention to extend or not extend two years prior to the expiration date of the
Agreement. After the completion of the Rate Study referred to in Section 9 of this Agreement, Consumer

shall have the option to terminate the Agreement with two (2) year's notice if the water rates charged by the Seller increase by more than ten percent (10%) in any of the years covered by the Rate Study.

2. The areas to be served by the Consumer are situated in Broward County, Florida, and are described/depicted in Exhibit "A" hereto attached and made part of this Agreement. Such areas cannot be modified without the written consent of the Seller first obtained and evidenced by an amendment to this Agreement. It is understood and agreed by the Parties that the areas described/depicted in Exhibit "A" constitute the areas served by the Consumer at the time of execution of this Agreement. It is further understood and agreed between the Parties that this Agreement shall be of no force and effect in any area in which the Seller or Consumer has outstanding contractual obligations which, in any way, conflict with the terms of this Agreement. In the event Consumer annexes an area during the term of this Agreement, upon reasonable notice, Seller will supply water to Consumer to serve such area, provided Consumer has obtained the water franchise rights for such annexed area.

3. During the term of this Agreement, the Consumer shall not purchase water from any person, firm or corporation other than the Seller for Consumer's customers within the boundaries set forth in Exhibit "A," so long as the Seller is able to supply the quantity and quality of water required by the consumer, except by written consent of Seller evidenced by an amendment to this Agreement. Seller shall not sell water to any person, firm, or corporation other than Consumer within the boundaries set forth in Exhibit "A," except as otherwise provided in this Agreement. Seller and Consumer shall each comply to the extent applicable with all laws and regulations pertaining to the delivery of potable water to the public.

4. During the term of this Agreement, the Seller will undertake to deliver water to the Consumer in such quantity and quality as are required by the Consumer for resale by the Consumer to its customers in the areas described/depicted in Exhibit "A." Water sold to Consumer hereunder will be supplied from Seller's water producing facilities and will be the same quality as the water furnished by Seller to its consumers within the city limits of Seller.

5. Consumer shall not allow any customer to connect with the Consumer's distribution system whose requirements are reasonably estimated to exceed 100,000 gallons of water per day without the prior written approval of Seller, which approval shall not be unreasonably withheld. In the event any customer, after being connected to the Consumer's distribution system, should use as much as 100,000 gallons of water per day, Consumer shall immediately notify Seller and obtain Seller's approval, which shall not be unreasonably withheld, before such customer shall be furnished water in quantities exceeding 100,000 gallons per day.

6. The Seller shall not be required during periods of water shortage resulting from an emergency condition declared by any governmental entity with jurisdiction or resulting from an inadequacy of mains or other facilities, to do more than deliver water to Consumer's master meters in such quantities as are available for allocation by the Seller among all its consumers. In the event it should become necessary for the Seller to adopt regulations for conservation of water in case of emergency per Chapter 40E-21 of the Florida Administrative Code (FAC), the Consumer agrees that it will adopt and enforce similar regulations for conservation of water during such time of emergency.

7. There shall be one (1) or more master meters located at points mutually agreeable, through which all water supplied to customers of Consumer shall be supplied, and all water furnished by Seller

shall be metered through such meters. Such meters shall be supplied and installed by the Seller at the expense of the Consumer as provided in Chapter 28 of the Code of Ordinances of the City of Fort Lauderdale. After installation, the Seller shall, at its own expense, maintain the meters. Title to the meters shall remain in the Seller. All master meters shall be tested annually by and at the expense of the Seller. All master meters shall be adjusted to the registration accuracy as specified in the Appropriate American Water Works Association Standard for Cold Water Meters. The date and time of the test shall be coordinated with Consumer to allow Consumer to witness the test whenever possible. In addition to the annual test, the Consumer may at any time request that Seller conduct an additional test or that Seller arrange for such test by an independent qualified testing company. The request shall be made in writing and the date and time of the test shall be coordinated with Consumer to allow consumer to witness the test whenever possible. If such test shows that the master meter has been over-registering by more than two percent (2%), there will be no charge for such test and the previous bill rendered based on the last reading of that master meter shall be adjusted accordingly. If such test shows that the master meter has not been over-registering by more than two percent (2%), the cost of such test shall be charged to Consumer. If such test shows that the master meter has been under-registering by more than two percent (2%), the previous bill rendered based on the last reading of that master meter shall be adjusted accordingly.

8. The Consumer shall be bound by the provisions of Chapter 28 of the Code of Ordinances of the City of Fort Lauderdale, now existing or as amended from time to time, insofar as same are applicable, as well as all applicable ordinances of the City of Fort Lauderdale now existing or hereafter adopted pertaining to water service and water regulations.

9. As provided for in Florida State Statutes [FS 180.191.(1)(a), and 180.191.(1)(b)], regarding surcharge for water service provided outside the Sellers municipal limits, water rates to be charged by the Seller to the Consumer shall be the rate provided to be charged to master meters under the provisions of Sections 28-143(b)(1) and 28-143(b)(2) of the Code of Ordinances of the City of Fort Lauderdale plus the following surcharge.

Seller agrees to Consumer's non-binding participation in such Rate Study. Seller agrees that payment of fines or penalties imposed due to non-compliance of permit conditions or spills will be borne by Seller and will not be passed on to Consumer through the Rate Study.

10. The Seller shall render monthly or bimonthly statements for water furnished and the Consumer shall pay promptly all statements furnished. Should the Consumer fail or refuse to pay the amount of such statement within thirty (30) days after same has been submitted, the Seller shall have the right to enforce the provisions of Chapter 28 of the Code of Ordinances of the City of Fort Lauderdale providing for discontinuance of service until past due indebtedness is paid in addition to any other legal remedies available to Seller.

11. During the term of this Agreement, the Consumer may purchase quantities of potable water from sources other than the Seller, after written approval by the Seller, for emergency use, only if the Seller cannot provide potable water to each metering or connection point in compliance with the applicable section of the United States Environmental Protections Agency Safe Drinking Water Act and Florida Administrative Code 62-555-350.

15. The Seller shall have the right to install feeder mains, and necessary booster pumps and storage facilities in the existing city limits of Consumer and in any future incorporated areas. The Seller shall have the right to repair and replace such aforementioned mains, pumps and storage facilities, with the understanding that the Seller shall replace, repair or otherwise return the paving and right-of-way to

its original condition when these installations and repairs are made. All such work shall comply with all applicable regulations of Consumer. All operational and maintenance expenses of such installations shall be the responsibility of the Seller.

This Agreement may not be amended, except by the mutual consent of the Parties in writing executed with the same dignity as this Agreement.

17. This Agreement shall not become effective until a Resolution has been adopted by the governing bodies of Seller and Consumer approving this Agreement and authorizing its execution.

18. In the event the Seller enters into a potable water agreement with another Florida municipality or government entity that contains substantially similar terms and conditions as this agreements that would levy a surcharge rate lower than that included herein, then the Seller shall so notify the Consumer and, at the Consumer's sole option, the surtax rate applied herein will be adjusted so as to be consistent with the lowest surcharge rate extended to such Florida municipality or government entity.
