Re: Initial Payment Extension of the First Amendment to In-Lieu of Parking Fee Payment Agreement Due around July 2022 (“the Agreement”)

Dear Dr. Steven,

We thank the City of Oakland Park for its constant support. Pursuant to the comments and suggestions made by the Committee at the Wednesday, July 20th Commission Meeting, we would like to request an amendment to the current payment schedule.

We are proposing that the City accept monthly payments from us in the amount of Eight Hundred Thirty-Three Dollars and Thirty-Three Cents (\$833.33) on or around the first business day of each calendar month until paid in full. This is a realistic amount that we can manage by prioritizing expenses and purchases made for our operation.

We hope this proposal meets with the City ‘s approval. This will allow us to contribute to an investment made by the City in which we are one of the primary beneficiaries and at the same time enable us to reduce our obligation. Thank you for your consideration.

Regards,

Kimberly Wong
