MASTER AGREEMENT

THIS MASTER AGREEMENT made this 23 day of April, 2025, by and between Seacoast Utility Authority (hereinafter referred to as "OWNER") and Amici Engineering Contractors, LLC. (hereinafter referred to as "CONTRACTOR").

OWNER and CONTRACTOR, in consideration of the mutual covenants hereinafter set forth, agree as follows:

ARTICLE 1

SCOPE OF WORK

CONTRACTOR shall complete all Work as specified or indicated in any Specific Authorization. The Work is generally described as follows:

The Work will be for furnishing all materials, labor, supervision, equipment, supplies, expertise and services necessary for the installation of potable water mains, fire hydrants, water service lines, wastewater force mains, low-pressure force mains, reclaimed water mains, and all associated appurtenances as set forth in any Specific Authorization which OWNER may issue and CONTRACTOR accepts during the term of this Master Agreement. OWNER may award up to five (5) additional master agreements for the same type of work to the lowest responsive and responsible bidders.

CONTRACTORS' Unit Prices for the Work are set forth on attached Exhibit "A".

Pipeline Continuing Contractors Program

ARTICLE 2

ENGINEER

OWNER shall designate the Engineer of Record and the Resident Engineer (collectively, the "Engineer") in each Specific Authorization. Generally, the Engineer of Record shall be responsible for the design and permitting of the Work and the Resident Engineer shall be responsible for the observation and certification of the Work. Both Engineers shall act as OWNER's representative, and shall assume all duties and responsibilities and have the rights and authority assigned to ENGINEER in the Master Contract Documents.

ARTICLE 3

CONTRACT TIME

3.1 The term of this Agreement shall be one (1) year from the date of the Agreement. The Agreement may be extended five (5) additional one (1) year terms by the mutual written consent of OWNER and CONTRACTOR. The total duration of the this Master Agreement is limited to six (6) years.

3.2 **LIQUIDATED DAMAGES.** OWNER and CONTRACTOR recognize that time is of the essence of this Agreement and the OWNER will suffer financial loss if the Work is not completed within the times specified in each Specific Authorization, plus any extensions thereof allowed in accordance with Article 12 of the General Conditions. They also recognize the delays, expense and difficulties involved in proving in a legal proceeding the actual loss suffered by OWNER if the Work is not completed on time render precise determination of such damages difficult and speculative. Accordingly, instead of requiring any such proof, OWNER and CONTRACTOR agree that as liquidated damages for delay (but not as a penalty) CONTRACTOR shall pay OWNER a dollar amount specified in each Specific Authorization for each day that expires after the time specified in each Specific Authorization for Substantial Completion until the

Work is substantially complete. After Substantial Completion if CONTRACTOR shall neglect, refuse or fail to complete the remaining Work within the Contract Time or any proper extension thereof granted by OWNER, CONTRACTOR shall pay OWNER a dollar amount specified in each Specific Authorization for each day that expires after the time specified in each Specific Authorization for completion and readiness for final payment.

ARTICLE 4

CONTRACT PRICE

4.1 OWNER and CONTRACTOR shall execute Specific Authorizations for Work assignments. OWNER shall pay for completion of the Work in accordance with the Specific Authorization and the Master Contract Documents, subject to adjustment as provided therein, the amount which is based on the Unit Price schedule attached hereto as Exhibit "A" for the quantities and materials set forth in any Specific Authorization.

4.2 Escalation of Unit Prices during the term of this Agreement will be considered only upon CONTRACTOR'S written request and justification. Whether to allow any modification or alteration of Unit Prices shall be at OWNER'S sole and absolute discretion.

4.3 CONTRACTOR may request increases in the Unit Price schedule for escalation costs at the annual renewal period that, if approved, such increases shall be effective only for Specific Authorizations issued and entered into after that date. The escalation request must be justified and sufficiently documented for the OWNER's review.

ARTICLE 5

PAYMENT PROCEDURES

CONTRACTOR shall submit Applications for Payment in accordance with Article 14 of the General Conditions. Applications for Payment will be processed by ENGINEER as provided in the General Conditions.

5.1 PROGRESS PAYMENTS. OWNER shall make progress payments, as provided below, on account of the Contract Price on the basis of CONTRACTOR's Applications for Payment as recommended by RESIDENT ENGINEER, on or before the 25th business day after the date on which an Application for Payment has been stamped as received by the RESIDENT ENGINEER. All progress payments will be on the basis of the progress of the Work measured by the Schedule of Values established pursuant to paragraph 2.8 of the General Conditions, as may be set forth in the Specific Authorization, or in the case of Unit Price work, payments will be based on the number of units completed.

5.1.1. Payment to the CONTRACTOR shall be made pursuant to Florida's Prompt Payment Act (for construction services), section 218.735, Florida Statutes. Prior to Substantial Completion. Progress payments will be made in an amount equal to the percentage indicated below, but, in each case, less the aggregate of payments previously made and less such amounts as ENGINEER shall determine, and as OWNER may withhold, in accordance with paragraph 14.7 of the General Conditions:

95 % of Work completed.

Within the time parameters set forth in Florida's Prompt Payment Act (currently 30 business days after Substantial Completion), CONTRACTOR, OWNER and Resident Engineer shall develop a punch list of items required for final completion of the Work. Within twenty (20) business days of the finalization of the punch-list issued by the OWNER and upon receipt of a payment request from the CONTRACTOR, the OWNER will pay the CONTRACTOR all retainage held less an amount equal to 150% of the estimated

cost to complete the items on the list. Upon completion of all items on the finalized punch-list, the CONTRACTOR may submit a request for release of all retainage.

5.2. FINAL PAYMENT. Upon final completion and acceptance of the Work in accordance with paragraphs 14.13 and 14.14 of the General Conditions, and settlement of all claims, OWNER shall pay the remainder of the Contract Price as recommended by ENGINEER in accordance with said paragraphs 14.13 and 14.14.

ARTICLE 6

[Intentionally Omitted]

ARTICLE 7

8.3 OWNER and CONTRACTOR each binds itself, its partners, heirs, successors, assigns and legal representatives to the other party hereto, its partners, heirs, successors, assigns and legal representatives in respect of all covenants, agreements and obligations contained in the Contract Documents.

8.4 The Contract Documents and the Master Contract Documents are incorporated herein and made a part hereof and constitute the entire Agreement between OWNER and CONTRACTOR and may only be altered, amended or repealed by a duly executed written instrument.

The limit of CONTRACTOR'S liability under this paragraph is the Contract Price, the maximum limit of CONTRACTOR's insurance, or 1 million dollars, whichever is greater. SEACOAST UTILITY AUTHORITY

[Next Section](#)

ADMINISTRATIVE DIVISION
MEMORANDUM

[Previous Section](#)

TO: Seacoast Utility Authority Board

FROM: Rim Bishop, Executive Director

DATE: March 11, 2026

RE: **PIPELINE CONTINUING CONTRACTOR PROGRAM – CONTRACT RENEWAL**

A significant portion of Seacoast’s pressurized water and wastewater transmission and distribution network has been in service for more than 50 years. While pipeline failures have been modest in number, staff has developed a long-term replacement plan, the intent of which is to replace aging pipelines before a pattern of failure begins.

Recognizing that hundreds of pipeline miles must be replaced through fully developed, mature neighborhoods in the years ahead, staff prepared and competitively bid a master pipeline replacement contract. For both comparison and contract unit pricing purposes, bid documents estimated types and quantities of materials and services required. The contract is an annual contract with 5 renewal periods. The documents advised bidders that their bid pricing could not be increased except during renewal periods with acceptable justification; advised that multiple contractors might be selected and that some might receive little or no work; and advised that price would be a preferred award criterion but that past performance and workload would also be considered to provide for the best fit contractor for the job.

Following a sealed competitive bid process, the Board awarded PCCP contracts to the following six firms in March 2025:

Centerline, Inc.	D.S. Eakins Construction Corp.
Amici Engineering Contractors, LLC.	CK Contractors and Development, LLC.
Johnson-Davis Inc.	Deevan

This project delivery system has resulted in increased efficiency as well as greater contractor responsiveness and sensitivity to community concerns. Staff thus recommends renewal of all six contracts and requests authorization to approve or deny subsequent renewals

RECOMMENDED MOTION

Motion to approve one-year renewal of Pipeline Continuing Contractor Program contracts to Centerline, Inc., CK Contractors and Development, LLC, Johnson-Davis, Inc., Amici Engineering Contractors, LLC., D.S. Eakins Construction Corp., and Deevan, Inc. and to authorize staff to approve or deny future contract renewals, as recommended by staff.

STATEMENT OF RENEWAL INTEREST

Thank you for your participation in the Pipeline Continuing Contractors Program for Seacoast Utility Authority for 2025-2026. As your Master Agreement states, this Agreement has a one (1) year term with the option to extend upon mutual consent for five (5) additional (1) year terms for a total duration of six (6) years. Our records indicate that your Master Agreement is set to expire April of 2026.

Seacoast invites you to submit a request to renew your annual contract to continue the partnership and participation in the Pipeline Continuing Contractors Program.

This request for renewal does allow for price escalation. If the Contractor elects to raise any unit pricing, proper documentation and explanation will be required.

If you elect to submit a request to renew your Agreement, whether such renewal will be accepted shall be at the sole option of Seacoast Utility Authority.

We, the undersigned, have decided to offer the following for renewal of our Master Agreement as a part of the Pipeline Continuing Contractors Program for the following reason(s):

1. Renew our PCCP-25 Master Agreement, Dated April 23, 2025, with no price escalations
2. Renew our PCCP-25 Master Agreement, Dated April 23, 2025, with price escalations included for consideration and approval by the Authority
3. Decline to Renew our PCCP-25 Master Agreement, Dated April 23, 2025

If the Contractor selects Option 1, request for renewal with no price escalation, please provide unit prices for the new items added through Schedule A-1 to the Pipeline Continuing Contractors Program. Contractor does not need to complete the Schedule A that is attached.

If the Contractor selects Option 2, request for renewal with price escalation, please complete the Schedule A and Schedule A-1 with the new items begin added to the Pipeline Continuing Contractors Program.
