**CITY OF OAKLAND PARK: GRADE CROSSING MAINTENANCE
NE 36TH STREET - MP 337+1500'-FDOT# 272541C
NOTICE OF INTENT TO WORK**

Ms. Julie Leonard
Public Works Director
City of Oakland Park
5100 NE 12th Terrace
Oakland Park, FL 33334

Dear Ms. Leonard:

This is in reference to the FEC notification letter dated August 19, 2025, listing the crossings scheduled for maintenance in the year 2026. The above-referenced grade crossing has declined to the point of requiring said maintenance. The Railway or our contractors will perform all work associated with the crossing to include maintenance of traffic and paving. We have scheduled this work to begin on **September 13, 2026**

In accordance with the terms of the agreement dated February 27, 2004, the cost of the crossing maintenance is the responsibility of the CITY. The costs to the CITY are as outlined in the enclosed estimate, however this is an estimate only and all charges for which the CITY is responsible shall be billed on an actual cost basis. Additionally, the CITY will be responsible to replace the traffic loop sensors if they are damaged during construction. If this occurs, the new sensors must be installed behind the crossing warning device gate arm to better protect them during future crossing maintenance.

I have included the enclosed estimate for your reference and review. Upon completion, FEC will invoice the actual cost for this work. If there is a specific account or tracking number you wish to be included or noted with this invoicing, please provide that information at your earliest opportunity prior to this invoicing. In the interim, our Contractor, Gonzalez and Sons, will be in contact to coordinate the scheduling of the work. Otherwise, if you have any questions in this matter, please do not hesitate to contact me at (904) 279-3196.

Sincerely,

John Blaine
Public Projects Manager
